Dear Mr. Johnson:

[Home](#)

[Up](#)

I recently finished a sub-division called the Isles of Bellalago, with your company as the general contractor. The experience was so positive I felt I needed to write you this letter.

I have been building sub-divisions in the Central Florida area now for over 25 years, and this is by far my best experience to date. Your entire staff performed far above what I am accustomed to receiving. Two people really stood out above all the rest. The Project Manager, Tome Meador, and the Project Superintendent, Jr. Matson. These two were very professional, knowledgeable, and an overall pleasure to work with. They deserve all recognition, awards, bonuses, etc that your company may offer to exceptional employees.

They have put your company at the very top of Avatar's "A" list of contractors. Congratulations and thank you for a job very well done.

Sincerely,

John Odom
Land Development Manager
