Erik Johnson  
Johnson Bros. Corporation  
7500 Municipal Drive  
Orlando, FL 32819

Erik --

It is with pleasure that I recommend Johnson Bros. as a site work general contractor to any potential clients you may have.

My experience with your firm has been a solid, positive experience from start to finish. I am impressed with all aspects of the manner that you execute your work. You manage the initial drawing and document analysis with great detail, and you carry that enthusiasm into the field. The work you put in place is of the highest quality and exceeds industry standards.

I am particularly pleased with your problem solving techniques. Whenever you face a challenge in the field, you actively pursue cost-effective solutions and you present the Owner with multiple options for resolution. That is truly priceless to find in this very difficult construction industry.

I wish your firm the best of luck in its pursuits and I expect we will work together in the future.

Best regards,

A handwritten signature in black ink, appearing to read "T. Acomb". The signature is fluid and cursive, with a long horizontal stroke at the end.
