

Iowa Department of Transportation
CONTRACTOR EVALUATION REPORT

County Dubuque

Project Engineer Carey T. Lewis

Project No. BHF-F-20-9(41)--2Y-31

Contract No. 32418

Prime Contractor Johnson Bros., Corp.

Prime Contract Amount \$ 13,407,514.02

Subcontractor _____

Subcontract Amount \$ _____

Address Litchfield, MN

Type of Work Being Rated Bridge (Rehabilitate)

Construction Year 1991

The Contractor Evaluation Report is to be completed on every bridge painting contract and every other contract or subcontract amounting to \$20,000.00 or more. For contracts or subcontracts less than \$20,000.00 the project engineer has the option of completing or not completing the form.

When the report covers a prime contractor the name is entered in designated space. The space for the subcontractor is left blank. When the report covers a subcontractor both the prime and subcontractor's names are entered in the designated spaces and the subcontractor's address is completed.

EQUIPMENT: 10%		
K. Equipment on the project.	9	0-10
Total	93	0-100

*(Instructions for completing form on back)

Remarks:

Prime contractor was easy to work with, had plenty of supervisory staff, and did an excellent job, especially considering the amount of extra work required and the difficulty of the entire project.
